

# Lianne La Havas - Unstoppable

tom: G

I'll wait a little longer Ebm7  
 We're weak and getting stronger Fm7  
 I know it's taking the time to heal Bb7  
 We'll be unstoppable Ebm7  
 Don't know what I did it for Fm7 Bb7  
 I needed to know that it was always real

Ebm7  
 My head's held high when we walk down the line, honey Fm7 Bb7  
 Arm-in-arm through the clear night sky Ebm7  
 Let's be at peace, we'll fly Ebm7  
 Our hearts collide Fm7 Bb7

Can't escape the magnetic side  
 Ebm7  
 I was like a satellite spinning away Ebm7  
 Almost lost forever and leaving no trace Fm7  
 Floating through the darkest reaches of space Bb7  
 To another galaxy Ebm7  
 Our polarity shifted around Ebm7  
 There is nothing else left holding us down Fm7  
 But it's just gravitational Bb7 Ebm7  
 We are unstoppable Fm7  
 I just can't escape the pull Bb7  
 We are unstoppable Ebm7  
 It's just gravitational Fm7 Bb7  
 We are unstoppable
