

Lianne La Havas - Unstoppable

tom: G

I'll wait a little longer Ebm
 We're weak and getting stronger Fm
 I know it's taking the time to heal Bb7
 We'll be unstoppable Ebm
 Don't know what I did it for Fm
 I needed to know that it was always real Bb7

Ebm
 My head's held high when we walk down the line, honey Fm
 Arm-in-arm through the clear night sky Bb7
 Let's be at peace, we'll fly Ebm
 Our hearts collide Fm

Can't escape the magnetic side

Ebm
 I was like a satellite spinning away Ebm
 Almost lost forever and leaving no trace Fm
 Floating through the darkest reaches of space Bb7
 To another galaxy Ebm
 Our polarity shifted around Ebm
 There is nothing else left holding us down Fm
 But it's just gravitational Bb7
 We are unstoppable Ebm
 I just can't escape the pull Bb7
 We are unstoppable Ebm
 It's just gravitational Fm
 We are unstoppable Bb7
