Verse

All animals we are round, the bench in the park Your sisters in the dark
Watery pinned eyes, my soul has gone a little cold.

Well maybe maybe next year, if it isn't too dear we'll get ourselves some good time
remember when you pay, you'll pay, in many many ways

Now he's crossing the road, Picking up his daily sport

Chorus

Oh now they're begging you, they're begging you, what can you do

Oh lord they're begging you, Your friends begging you what will you do

Verse

and have you seen the singer she said " he's a dead ringer for a fella that i used to
"oh hell" she cried "oh hell, oh no it's a funny way to go"

Now he's crossing the road, Picking up his daily sport

Chorus

Oh now they're begging you, they're begging you, what can you do

Oh lord they're begging you, Your friends begging you what will you do

Middle 8 (the messy bit) not entirely accurate but good enough. Just make it up as you
this is a rough outline

Oh lord they're begging you, Your friends begging you what will you do
