To leave it all behind
What do I have to do
To try to make you see
                  G
That this is who I am
          D
                        C
And it's all that I can be
What do I have to do
To try to make you see
                 G
Trying to be like you
      D
                      C Em D
Isn't good enough for me
                   C Em D
And I won't let you go
                           Am Em D
And I won't let you down
               C Em D
I won't give you up
                              Em D
                       Am
Don't you give up on me now
                        G
What do I have to do
To try to make you see
                  D
That this is who I am
And it's all that I can be
What do I have to do
To try to make you see
                 D
Trying to be like you
Isn't good enough for me
