

# Lighthouse Family - Raincloud

tom:

G

There ain't no point holding back the tide

Still gonna get ya

Cause every little bird's gotta learn to fly

Sooner or later

I don't want to lose you

Can't always do what you want to do

There ain't no point holding back the tide

Don't waste your time

Cause everything is out there

And there's no limits out there

We could be reaching out for anything if we try enough

[Refrão]

Let the daylight in on a better day

It's been too long we've been

Living under a raincloud

There ain't no point holding back desire

Still gonna get ya

Strangers on a train driving through the night

Soon overtakes ya

If someone feels the same as you

Might as well just do what you want to do

There ain't no point holding back desire

Don't waste your time

Cause everything is out there

And there's no limits out there

We could be reaching out for anything if we try enough

[Refrão]

Let the daylight in on a better day

It's been too long we've been

Living under a raincloud

[Solo]

Cause everything is out there

And there's no limits out there

We could be reaching out for anything if we try enough

[Refrão]

Let the daylight in on a better day

It's been too long we've been

Living under a raincloud
