When you first left me I was wanting more But you were fucking the girl next door, what ja do that for When you first left me I didn't know what to say I never been on my own that way, just sat by myself all day

I was so lost back then But with a little help from my friends I found a light in the tunnel at the end Now you're calling me up on the phone So you can have a little wine and a moan And it's only because you're feeling alone

At first when I see you cry, yeah it makes me smile, yeah it makes my smile At worst I feel bad for a while, but then I just smile I go ahead and smile

Whenever you see me you say that you want me back

Acordes

And I tell you it don't mean jack, no it don't mean jack I couldn't stop laughing, no I just couldn't help myself See you messed up my mental health I was quite unwell

I was so lost back then But with a little help from my friends I found a light in the tunnel at the end Now you're calling me up on the phone So you can have a little wine and a moan And it's only because you're feeling alone

At first when I see you cry, yeah it makes me smile, yeah it makes my smile At worst I feel bad for a while, but then I just smile I go ahead and smile
