

Lindsey Stirling - Christmas C'mon (feat. Becky G)

Tom: **G**
Intro: ? ? ? ? ? ? ? ?
? ? ? ? ? ? ? ?

Counting the days, waited all year
Sit back and celebrate when Christmastime is near

Once, too soon, I bought your gift in May
Can't believe you're here on my favorite holiday

There's been times before you wish for so much more
When I was down and filled with doubt, I had you

And we made it through the year, it's so good to be here
So we put it in a song, dance the way we want, turn the fire on

Baby, we can happen up together, give to one another
Snuggle through the weather
Baby, Christmas, c'mon
Baby, Christmas, c'mon

Put the star on the tree
Let the record spin while dancing next to me

Keep me warm from the snow
Under the mistletoe, we'll watch the fire glow

There's been times before you wish for so much more
When I was down and filled with doubt, I had you

And we made it through the year, it's so good to be here
So we put it in a song, dance the way we want, turn the fire on
Baby, we can happen up together, give to one another
Snuggle through the weather
Baby, Christmas, c'mon
Baby, Christmas, c'mon

We made it through the year, it's so good to be here
So we put it in a song, dance the way we want, turn the fire on
Baby, we can happen up together, give to one another
Snuggle through the weather
Baby, Christmas, c'mon

So we put it in a song, dance the way we want, turn the fire on
Baby, we can happen up together, give to one another
Snuggle through the weather

Baby, Christmas, c'mon, yeah
Baby, Christmas, c'mon
