

# Linkin Park - Down Syndrome

Tom: D

Tabbed by: Nick Sherrill  
Email: D

Tuning: Standard  
Intro: irst part of verse: Repeat first measure quite a few times, then do the second measure.

Later on in the verse: Repeat a few times

Chorus:

Post Chorus Outro No Words Part: Play it the way it's written first, then play it again

this time strike each chord a few times before moving to the next chord.

So Yeah, that's it. It's a pretty repitive song, and I'm surprised no one has tabbed it  
I wrote some side notes to each part because I'm way too lazy to rewrite the parts that just slightly different the second time they are played.
