Linkin Park - Robot Boy

Tom: C

Intro 2x: Bb F C G D

```
Bb  F   C   G   D
Ooh ooh ooh ooh ooh
Bb  F   C   G   D
Ooh ooh ooh ooh ooh

Bb    F            C
 You say you're not going to fight
        G                D
 'Cause no one will fight for you
      Bb      F          C
 And   you think there's not enough love
 G                 D
 And no one to give it to
      Bb      F       C
 And   you're sure you've hurt for so long
        G                D
 You've got nothing left to lose
      Bb    F         C
 So   you say you're not going to fight
        G                D
 'Cause no one will fight for you

Bb    F        C
 You say the weight of the world
      G                  D
 Has kept you from letting go
```

```
      Bb     F        C
And   you think compassion's a flaw
      G                  D
And you'll never let it show
      Bb      F       C
And   you're sure you've hurt in a way
      G                D
That no one will ever know
      Bb      F        C
But   someday the weight of the world
      G                      D
Will give you strength to go

( Bb  F C G D ) (2x)

Bb      F        C
Hold on, the weight of the world
      G                       D
Will give you the strength to go
      Bb      F        C
So    hold on, the weight of the world
      G                       D
Will give you the strength to go
      Bb      F        C
So    hold on, the weight of the world
      G                      D
Will give you the strength to go
        Bb      F    C
Just   hold, on the weight of the world
      G                      D
Will give you the strength to go
```
