It's been so long since we've been friends in need

And how the love we share in our hearts **Bb**

To try to keep us apart **Ebm**

It took sometime to build this trust in me **Bb**

But now you're all i have to **Eb**

You want the best of my love

Abm
To keep away from the thoughts that we share **Ebm**

Is to feel the pain that i feel when you are not there **Bb**

See what you want to see, but please have some faith in me **Ebm**

Ebm **Bb**

Together forever yours, together forever mine

Facing what we feel inside **Ebm**

Ready to stand the test of time

Ebm
I've seen us come together in my dreams **Bb**

And felt the kiss that makes me love you **Ebm**

Enough to see us through

It took sometime to feel the way i feel **Bb**

That's why i know i'm here forever **Ebm**

And you will always be there **Abm**

To keep away from the thoughts that we share **Ebm**

Is to feel the pain that i feel when you are not there **Bb**
