                                                                                                                                                                             D
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          Gbm
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  I gotta give all my love
Gotta give all my love
                                                                                          Α7
     All this time they had me thinking
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               There ain't no lover like the one I've got
                                                                              Α7
       Love's a boat that's long been sinking
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        ain't no lover like the one I've got
     But you made the claim
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  She and I and a brand new start
                                                                                                 Gbm
That taking a chance is embracing the change
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  There ain't no lover like the one I've got
                                                                                                                                                                                                                                                     E7
I count my blessings knowing you will take me home
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 Ahh ahh ahhh
There ain't no lover like the one I've got
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  Love won't bring me down
       Ain't no lover like the one I've got
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  Ohh no
```
