

## Little Mix - My Love Won't Let You Down

tom: G If you're cold and alone when you Wake Making all of the same mistakes When your hearts given all that it had But they say they don't love you back When the party's over and your friends have all gone And you're wondering where it all went wrong I'll come runnin' when you call out my name And it'll always be this way I'll be there with you No matter what you're goin' through I'll be there with you Anytime that you need me to C F C When there's no one else around On your last breath callin' out Cadd9 C Trust me, my love won't let you down Yeah, I know you've been losin' the fight

Screamin' out, you don't know what to do Dm That's when I'll be right next to you We can sit on the edge of your bed Αm Tell me all of the fears in your head And I'll sing you your favourite song Dm 'Til the pain and all the tears are all gone I'll be there with you G No matter what you're goin' through I'll be there with you Ab Anytime that you need me to F C When there's no one else around On your last breath callin' out Cadd9 C Trust me, my love won't let you down G No matter what you're goin' through I'll be there with you Anytime that you need me to F C When there's no one else around On your last breath callin' out Cadd9 C Trust me, my love won't let you down Trust me, my love won't let you down

## **Acordes**

You been knocked down a million times
