

Little Mix - Only You

Intro: **Em C D Em**

Tom:

Dancing with your silhouette in the places that we met
D Ooh, tryna find you in the moon
Em Paris never feels the same, when the streets all call your name
D Ooh, so I hide in crowded rooms
Em

[Pre-Chorus: Leigh-Anne]

And I'll follow right down the river
Em Where the ocean meets the sky
D To you, to you

Em Once upon a time we had it all
D Somewhere down the line we went and lost it
Em One brick at a time we watched it fall
D I?m broken here tonight and darling, no one else can fix me
Am Only you, only you
Em And no one else can fix me, only you
Am Only you, only you
Em And no one else can fix me, only you, oh
Em Only you
