

# Live - Dolphin's Cry

tom:

C

tabbed by Chris Marks

The problem with tabbing this song is that every time through each part of it is different, so you have to tab out every single second of the song.

It was a pain in the ass, but here it is. Took me about 4 hours, but hell, it was worth it for the satisfaction if nothing else.

Full Lyrics:

Verse 1:

The way you're bathed in light,  
Reminds me of that night,  
God laid me down into your rose garden of trust.  
And I was swept away,  
With nothin' left to say,  
Some helpless fool, yeah I was lost in a swoon of peace.  
You're all I need to find,  
So when the time is right,  
Come to me sweetly, come to me, come to me

Chorus:

Love will lead us, alright.  
Love will lead us, she will lead us.  
Can you hear the dolphins cry?  
See the road rise up to meet us.  
It's in the air we breathe tonight,  
Love will lead us, she will lead us.

Verse 2:

Oh yeah, we meet again,  
It's like we never left,  
Time in between was just a dream, did we leave this place?  
This crazy fog surrounds me,  
You wrap your legs around me,  
All I can do to try and breathe, let me breathe so that I  
So we can go together!

Chorus

Bridge:

Life is like a shooting star,  
It don't matter who you are,  
If you only run for cover, it's just a waste of time.  
We are lost 'til we are found,  
This phoenix rises up from the ground,  
And all these wars are over.

(voiced over the solo) :  
over

over  
singin' laaa da da da, da da  
come to me

Chorus (with "over..." added 3 more times on the end)

Bridge

Chorus
