                        tom:
                    Am
                Am                      G                    F
Looks like I've lost my will to carry on my friend, she said
Am          G              F
And you can hear it in my whispered cries for love
Am          G                        F
I need your blissful touch to carry me away again
Am          G               F
E
So can we roll tonight, Roll through your desert, can we start
over,

Chorus
                    Am          C           F           E
And just run away,              run away tonight
                    Am                      G
E
It ain't no victory but I don't care,          I don't care
if it's wrong or right
                    Am      C       F           E
We can just run away,          run away tonight
                    Am                      G           F
E
It ain't no victory but I don't care,          I don't care
```

if it's wrong or right

Looks like I've lost my will to carry on my friend, she said
I'm like a posse that's been ridin' for day's
I got the scars to prove that love has had its day and its way

So can we roll tonight, roll through your desert, can we start
over

Chorus
F                                       G

                                                        G

To know just where you're going lord, you got to know where
F you're coming from
                                                        G
