

# Lô Borges - Açucar Sugar

Tom: **D**  
Intro: **F**

**F**  
Para poder açúcar  
sugar  
Por alegria pura

Ou qualquer coisa simples  
De ver  
Lançar-me nas alturas

Eu vivo como pétala  
Ta lá  
No íntimo caderno

Ou como margarida  
Que ri da  
Cara do inverno, um riso terno

**Dbm** **B**

Mas imagine o fogo

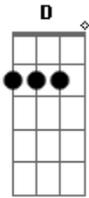

**A** **G**  
Arranha-céu de males  
**Dbm** **B**  
De ser atraído  
**A** **G**  
Com punhais e com detalhes

**Dbm** **B**  
Lançado nesse abismo  
**A** **G**  
Sorrio descarado  
**Dbm** **B**  
E amando com cinismo  
**A** **G**  
Mais a mim que ao ser amado

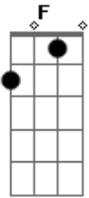

**F**  
Justamente me deixando enterrado

Ela me vê rebrotar brotar brotar brotar...
