tom:

G

[Primeira Parte]

She said, "I never want to  
Hurt you again"

I said, "I never want this  
To come to an end"

She said, "Look at me baby  
These tears we run out"

I said, "I took you for granted  
But I can't be without you"

[Pré-Refrão]

Please can we just say  
Pretty lies, pretty lies  
Lie to each other again  
One last time  
[Refrão]

Slowly let me down  
Every word pulls me apart  
Gently tell me how  
To forgive me now  
Cause all I need is on your lips  
Tell my enemy  
They're my remedy  
So slowly let me down  
Give me a kiss just one last time  
Ohh oh oh oh oh oh  
Give me a kiss just one last time  
Ohh oh oh oh oh oh

[Segunda Parte]

As we both sat in your car  
Talking about the past  
As we were facing each other  
We were falling apart  
Yeah
