[Primeira Parte]

C7M F7M
 Can we just get into bed?
 'Cause it's getting hard to hear the things that you said
 Unless it's dark, I throw words like punches at you
 I like the way they almost bruise
 Can we just get into bed?

[Pré-Refrão]

Am7 G
 There's no other way around it
 'Cause I know when we talk about it
 It's always the worst that we could do

[Refrão]

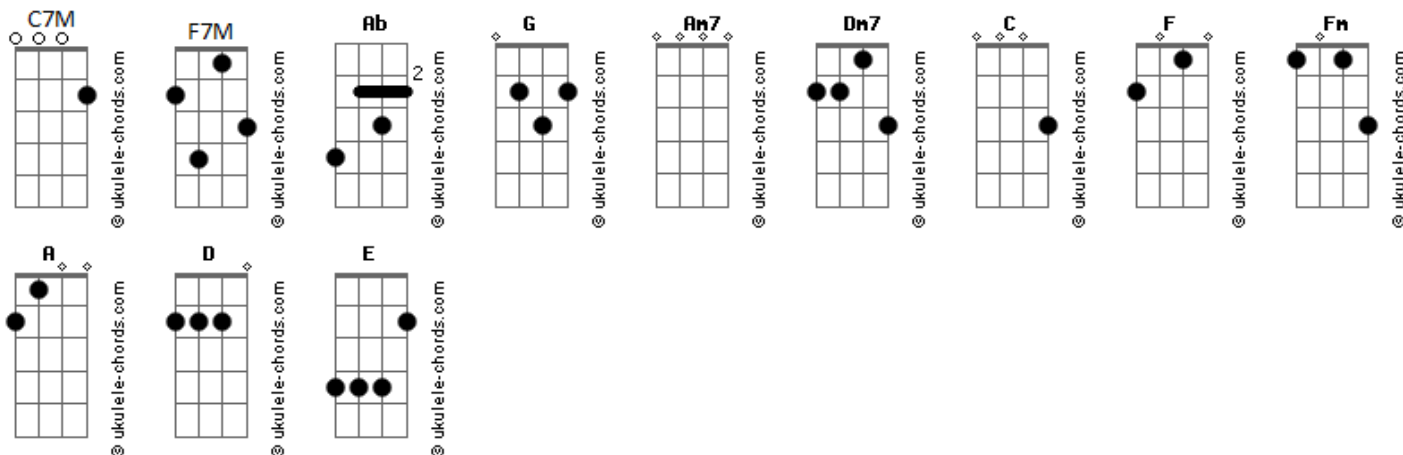

F7M
 Why do I feel better when I hurt you?
 Always try to put you in the worst mood
 Why do I feel better when I hurt you?
 Why do I feel better when I hurt you?
 Always try to put you in the worst mood
 Why do I feel better?
 Why do I? Why do I?

Acordes

Let's not pretend
 We don't find it hard just to accept the people we are
 Throw words like punches at you
 Shove tables right across the room
 Let's not pretend

[Pré-Refrão]

Am7 G
 There's no other way around it
 'Cause I know that we talk about it
 It's always the worst that we could do
 Real love, no, we haven't found it
 Let's not even talk about it
 That's nearly the worst that we could do

[Refrão]

 Why do I feel better when I hurt you?
