tom:
Capostrate na 2ª casa
D (forma dos acordes no tom de C)

We're never done with killing time
Can I kill it with you?
'Til our veins run red and blue
We come around here all the time
Got a lot to not do, let me kill it with you

You pick me up and take me home again
Head out the window again
We're hollow like the bottles that we drain
You drape your wrists over the steering wheel
Pulses can drive from here
We might be hollow, but we're brave

And I like you
I love these roads where the houses
Don't change (and I like you)
Where we can talk like there's
Something to say (and I like you)
I'm glad that we stopped kissing
The tar on the highway
We move in empty streets
I'd like it if you stayed

Now we're wearing long sleeves
And the heating comes on
(You buy me orange juice)
We're getting good at this
Dreams of clean teeth
I can tell that you're tired
But you keep the car on

While you're waiting out front
You pick me up and take me home again
Head out the window again
We're hollow like the bottles that we drain
You drape your wrists over the steering wheel
Pulses can drive from here
We might be hollow, but we're brave
And I like you
I love these roads where the houses don't change (and I like you)
Where we can talk like there's something to say (and I like you)
I'm glad that we stopped kissing the tar on the highway
We move in empty streets
I'd like it if you stayed (single strum continuing to next line)
We're never done with killing time
Can I kill it with you?
'Til our veins run red and blue
We come around here all the time
Got a lot to not do, let me kill it with you
And I like you
I love these roads where the

I'm glad that we stopped kissing the tar on the highway
