

Lorde - A World Alone

Tom: E

Intro: Dbm Am Dbm (2x)

Dbm

That slow burn wait while it gets dark

Bruising the sun

I feel grown up with you in your car

I know it's dumb

Ooooooooooooooooooh ooooooooooh

We've both got a million bad habits to kick

- not sleeping is one

We're biting our nails; you're biting my lip

I'm biting my tongue

Ooooooooooooooooooh ooooooooooh

(People are talking, people are talking)

Raise a glass 'cause I'm not done saying it

They all wanna get rough, get away with it -

Let 'em talk 'cause we're dancing in this world alone

World alone

We're alone

All my fake friends and all of their noise

complain about work -

they're studying business, I study the floor

and you haven't stopped smoking all night

Maybe the Internet raised us

or maybe people are jerks (People are talking, people are talking)

But not you (People are talking, people are talking)

Raise a glass 'cause I'm not done saying it

Let 'em talk 'cause we're dancing in this world alone

Acordes

They all wanna get rough, get away with it -

Let 'em talk 'cause we're dancing in this world alone

World alone

We're alone

All the double-edged people and schemes

They make a mess, then go home and get clean

You're my best friend and we're dancing in a world alone

World alone

We're all alone

Am Dbm

Dbm Am Dbm

I know we're no - ot everlasting

We're a train wreck waiting to happen

One day the blood won't flow so gladly

One day we'll all get still (People are talking, people are talking)

Get still (Ooooooooooooooooooh ooooooooooh)

Ooooooooooooooooooh ooooooooooh

Raise a glass 'cause I'm not done saying it

They all wanna get rough, get away with it -

Let 'em talk 'cause we're dancing in this world alone

World alone

We're alone

All the double-edged people and schemes

They make a mess, then go home and get clean

You're my best friend and we're dancing in a world alone

World alone

We're all alone

(People are talking, people are talking)

(People are talking, people are talking)

(People are talking, people are talking)

(People are talking, people are talking)

Let 'em talk
