

# Lorde - The Man With The Axe

tom:  
E (forma dos acordes no tom de D )  
Capostrate na 2ª casa

[Primeira Parte]

G D  
If I had to break it down  
Gbm G  
I'd say it's the way you love to dance  
Em D Bm  
Movin' the furniture when my back is turned  
A7  
The flick of the lights and the world falls  
Away

[Refrão]

G D  
And your office job and your silver hair  
Gbm  
But our shapes in the dark are  
G Em  
The reason I've stayed for all these years

[Segunda Parte]

G D  
I thought I was a genius  
Gbm  
But now I'm twenty-two  
G Em  
And it's startin' to feel like  
D  
All I know how to do is  
Bm A  
Put on a suit and take it away

[Refrão]

G D  
With my fistful of tunes that it's painful  
To play  
Gbm G  
Fingernail worlds like favorite seashells  
Em D Bm  
They fill up my nights and then they float  
A7  
Away

[Terceira Parte]

G  
I've got hundreds of gowns  
D

I've got paintings in frames  
Gbm  
And a throat that fills with panic  
G  
Every festival day  
Em D  
Dutifully fallin' apart for the Princess  
Bm A7  
Of Norway

[Refrão]

G D  
But you, with your doll's lashes  
Gbm G  
Your infinite t-shirts  
Em D  
I should've known when your favorite  
Bm  
Record was the same as my father's  
A7  
You'd take me down

[Quarta Parte]

G D  
I guess I'll always be this way  
Gbm G  
Swallowed up by the words, and halfway

To space  
Em D Bm  
But there by the fire, you offered your hand  
A7  
And as I took it, I loved you  
The boy with the plan

[Refrão]

E A E A  
You felled me clean as a pine  
E A C7 D7  
The man with the axe and the lo- ok  
E  
In his eyes

( E A )  
( E A )

[Final]

E A  
We've been through so many hard times  
E A  
I'm writin' a love song for you, baby  
( E A E )
