

Lorde - The Man With The Axe

tom:
E (forma dos acordes no tom de D)
Capostrate na 2ª casa

[Primeira Parte]

G D
If I had to break it down
Gbm G
I'd say it's the way you love to dance
Em D Bm
Movin' the furniture when my back is turned
A7
The flick of the lights and the world falls
Away

[Refrão]

G D
And your office job and your silver hair
Gbm
But our shapes in the dark are
G Em
The reason I've stayed for all these years

[Segunda Parte]

G D
I thought I was a genius
Gbm
But now I'm twenty-two
G Em
And it's startin' to feel like
D
All I know how to do is
Bm A
Put on a suit and take it away

[Refrão]

G D
With my fistful of tunes that it's painful
To play
Gbm G
Fingernail worlds like favorite seashells
Em D Bm
They fill up my nights and then they float
A7
Away

[Terceira Parte]

G
I've got hundreds of gowns
D

I've got paintings in frames
Gbm
And a throat that fills with panic
G
Every festival day
Em D
Dutifully fallin' apart for the Princess
Bm A7
Of Norway

[Refrão]

G D
But you, with your doll's lashes
Gbm G
Your infinite t-shirts
Em D
I should've known when your favorite
Bm
Record was the same as my father's
A7
You'd take me down

[Quarta Parte]

G D
I guess I'll always be this way
Gbm G
Swallowed up by the words, and halfway

To space
Em D Bm
But there by the fire, you offered your hand
A7
And as I took it, I loved you
The boy with the plan

[Refrão]

E A E A
You felled me clean as a pine
E A C7 D7
The man with the axe and the lo- ok
E
In his eyes

(E A)
(E A)

[Final]

E A
We've been through so many hard times
E A
I'm writin' a love song for you, baby
