

# Los Shakers - Smile Again

tom:  
 Don't be fooled, smile again, old friend  
 Used to do  
 Really blue, forget your troubles, please be good  
 --  
 Remember when I met you the first time  
 You brought happiness to my sad life  
 Your smile was very easy to see  
 That's nice while you leave  
 Now your voice is whisper when you talk  
 I recall your moves when you walked  
 Oh, why you have changed so much  
 ---  
 Don't be fooled, smile again, old friend  
 Used to do  
 Really blue, forget your troubles, please be good

I promise to help you if I can  
 Cause when I see you well, I will be glad  
 Then I'll harbour you in my hands again  
 My hands like a friend  
 Call me when you need me, and I'll be there  
 Even if it's far, another world  
 I know I've been wrong, I'll let you alone  
 Don't be fooled, smile again, old friend  
 Used to do  
 Really blue, forget your troubles, please be good  
 (Bridge)  
 Don't be fooled, smile again, old friend  
 Used to do  
 Really blue, forget your troubles, please be good  
 Lovely girl, I'll do the best I can for you
