

Lost And Found - Best Day

tom:

G

Hey, take a break

D

You're so caught up you're gonna trip into your down fall
Oh oh

G C

Hey, come out to play

D

You worry so much about making it you're missing it all
Oh oh

G

If it's gonna be the best day of your life

C

(Gonna be, gonna be the best day)

D

(Bet you better)
Bet you better make it last all night

G C

Hey, yeah, don't you know

D

Someday you're gonna hear us on the radio

G C

Hey, yeah, don't you know

D

It happens so fast these days I gotta take it slow

G C

Ooh hey, don't be a fake

D

You gotta be ready when the haters come and crush your style
Oh oh

G C

Stay, steady always wins the race

D

You running down a dream and you're chasing that miracle mile
Oh oh

G

If it's gonna be the best day of your life

C

(Gonna be, gonna be the best day)

D

(Bet you better)
Bet you better make it last all night

G C

Hey, yeah, don't you know

D

Someday you're gonna hear us on the radio

G C

Hey, yeah, don't you know

D

It happens so fast these days I gotta take it slow

G

Ooh like a star rising to fall

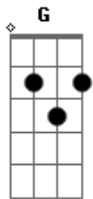

C

From so far we are so small

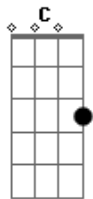

D

If someday your back is against the wall
Don't worry, don't worry at all
