Louis The Child - Better Not (feat. Wafia)

```
                        tom:
                 G
Intro: E  B  A  A  E  B  A  A

A               B
I know, it's hard to admit it
                E
That you found love, it's hard to stay in it
        A          B                      E
But he's better than anyone I've see you with before
    A          B
So talk to me, tell me about all your insecurities
                                    A
And I'm tryna make you see what I see
         B                    E
You're happier than I've ever seen you

E            B            A
 It's true love don't fake it
                            E
You better not, you better not
          B             A
It's right here don't waste it
                            E
You better not, you better not
                  B                  A
Don't say you can't figure out, figure out
                                    E
I know you can't figure out, figure out
          B             A
It's true love don't waste it

You better not, you better not

( E  B  A  A  E  B  A  A )

             A          B                       E
Don't overthink it, let it go and try to trust the feeling
                          A
You know it in your gut you're healing
       B                     E
```

```
From every time that you've been hurt before

I see, I see it

E            B            A
 It's true love don't fake it
                            E
You better not. you better not
                  B             A
It's right here don't waste it
                            E
You better not, you better not
                  B                  A
Don't say you can't figure out, figure out
                                    E
I know you can't figure out, figure out
          B             A
It's true love don't waste it           E B A A

You better not, you better not
                  E  B  A  A              E
You better not,        You better not
                  B                  A
I know you can't figure out, figure out
                                    E
It's true love don't waste it
                  B                  A
Don't say you can't figure out, figure out
                                E  B  A  A
You better not, you better not
                  E  B  A  A              E
You better not        You better not
                  B             A
It's true love don't fake it
                            E
You better not, you better not
                  B             A
It's right here don't waste it
                                E
You better... You better not
```
