

Love and Theft - Whiskey On My Breath

Tom: **D**

(com acordes na forma de **C**)

Capostrate na 2ª casa

Intro: **C F**

I woke up with a pounding head
With a bottle laying in the bed
There was a little, a little bit left
So I picked it up and I killed the rest

Oh I know I'm going to heaven
But I can't go with me like this
I need to pull myself together Before then
No I ain't afraid of dying
But what scares me to death
Is meeting Jesus
With whiskey on my breath

(**F C**)

I lost her and all my friends
Broke all but one of my Lord's 10

But Jesus died for all my sins

That's how I know I'm getting in

Oh I know I'm going to heaven
But I can't go with me like this
I need to pull myself together Before then
No I ain't afraid of dying
But what scares me to death
Is meeting Jesus
With whiskey on my breath

Oh I know I'm going to heaven
But I can't go with me like this
I need to pull myself together Before then
No I ain't afraid of dying
But what scares me to death
Is meeting Jesus
With whiskey on my breath
Is meeting Jesus
With whiskey on my breath
