

# Lovejoy - One Day

tom:

Intro: Fm Cm Db Ab

[Primeira Parte]

And stop!  
'Cause, why'd you have to kill my cat?  
Why'd I have to take you back?  
Time and time, I play the empath  
I don't know why  
There's some lights on in an empty pub  
A toilet with the seat left up  
It's closure like a deer in headlights

[Refrão]

One day, I know that you will be there  
One day, I'll focus on the future, maybe  
One day- oh, baby  
Isn't life so fucking inconsistent?  
One day, I know that you will be there  
One day, I'll focus on the future, maybe  
One day- oh, baby  
Isn't life so fucking inconsistent?

[Segunda Parte]

She said, "Let's talk about  
What I want to do  
'Cause all I want to do  
Is turn back time  
At least a couple Tuesdays

To before I found one life turn two

I said it last time

But I'm not afraid of empty rooms

I'm not afraid of new perfume

And, in fact, my dear

I'm fucking terrified!

[Refrão]

One day, I know that you will be there  
One day, I'll focus on the future, maybe  
One day- oh, baby  
Isn't life so fucking inconsistent?  
One day, I know that you will be there  
One day, I'll focus on the future, maybe  
One day- oh, baby  
Isn't life so fucking inconsistent? Woo!
