

# Low Roar - Gosia

tom:

E Dbm A E B  
E Dbm A E B A B

[Verse 1]

I laid by the phone  
There's no answer at all  
No reactions to bullshit replies  
The words you'd say  
And the colors you'd send  
Well they got lost, somewhere on the ride

[Pre-Chorus]

I can breathe, but I forget sometimes  
I'm alive but I'm paralyzed

[Chorus]

Oh now what am I to do?  
What am I to do?

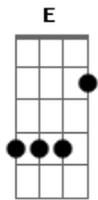

[Instrumental]

E Dbm A E B  
E Dbm A E B A B

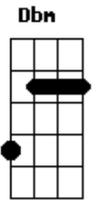

[Verse 2]

Now my faith is dead

While my body lays drenched  
In the ashes of a forgotten time  
It's hard when you come  
To realize someone's path is headed elsewhere in life

[Pre-Chorus]

So baby walk your way and I'll walk mine  
But I'll stop to think of you from time to time

[Chorus]

Well now what am I to do?  
What am I gonna do?

[Instrumental]

E Dbm A E B  
E Dbm A E B A B

[Pre-Chorus]

So baby walk your way and I'll walk mine  
I know now my promises slept with your lies

[Outro]

I don't need you  
I don't need you  
Oh I need you
