

# LP - Death Valley

Tom: G

Dying's so rock and roll  
 Stretching out into forever  
 I said I don't know  
 Could anybody even survive it?

Ooooooohoh  
 She said we're never gonna die  
 Wait, wait, wait, woohoowho  
 She said we're never gonna die  
 Wait, wait, wait

The leather seats are gettin'  
 Hotter by the minute  
 I can't believe we could take it  
 She taps her feet, and then she  
 Just spits a melody out  
 I used to love it till it killed me

Ooooooohoh  
 She said we're never gonna die  
 Wait, wait, wait, woohoowho  
 She said we're never gonna die

Woohooohoh  
 Woohooohoh

Sang twenty songs on rotation  
 You know that everything goes bad on occasion  
 Take me away on vacation  
 So I barely even know that you're fakin'  
 Ooh, tell me the war was it for  
 Ooh, baby this year  
 Woohooowho  
 Woohooowho

Woohooohoh  
 Woohooohoh

She said we're never gonna die  
 Wait, wait, wait, woohoowho  
 Ooooooohoh  
 She said we're never gonna die  
 Wait, wait, wait, woohoowho  
 Ooooooohoh  
 She said we're never gonna die  
 Wait, wait, wait, woohoowho  
 Ooooooohoh  
 She said we're never gonna die  
 Wait, wait, wait
