

# LP - Shaken

Tom: G

All night, sippin' on a feelin' no  
 Won't lie, was nervous for this evenin'  
 Then you arrive  
 Oh god, why you gotta look so  
 So hot? Remembering your body on mine  
 I wanna cry

I, I knew that you'd be here tonight  
 But suddenly I'm paralyzed  
 Who's she by your side?

She looks at you like I used to  
 And I'm just sitting in the corner  
 Sh-sh-shaken, sh-sh-shaken  
 I thought only I would get that smile  
 Now I'm just watching from the corner  
 Sh-sh-shaken, sh-sh-shaken

Oh no, feelin' that vertigo  
 Slow row, feelin' that swell of desire  
 Am I on fire?  
 Flashbacks rolling like a movie  
 Whiplash, she's holding you instead of me  
 Is that your type?

I, I knew that you'd be here tonight  
 But I don't know how it got so late  
 Just trying not to catch your eye

(See my face)

She looks at you like I used to  
 And I'm just sitting in the corner  
 Sh-sh-shaken, sh-sh-shaken  
 I thought only I would get that smile  
 Now I'm just watching from the corner  
 Sh-sh-shaken, sh-sh-shaken

And it feels like I'm watchin'  
 Somebody else live my life  
 Sh-sh-shaken  
 Yeah, it feels like I'm watchin'  
 Somebody else live my life  
 Sh-sh-shaken

It's just a kiss but they're not my lips  
 And I'm just sitting in the corner  
 Sh-sh-shaken, sh-sh-shaken  
 You're leaving now but you turn around  
 And I try to hold a smile  
 But I'm just breakin', b-b-breakin'

She looks at you like I used to  
 And I'm just sitting in the corner  
 Sh-sh-shaken, sh-sh-shaken  
 I thought only I would get that smile  
 Now I'm just watching from the corner  
 Sh-sh-shaken, sh-sh-shaken

And it feels like I'm watchin'  
 Somebody else live my life
