

## LP - Switchblade

```
Do you remember
    G
Making love on the hill Am G F
At the top of Topanga?
Do you remember
A handful of pills

On a midnight adventure?
C G Am G I do, I do
Late in September
It started to end
And I felt you pretending
I couldn't surrender
    G
Through the high and the low
I just wanted to love you
C G Am G I do, I do
All of the hurt you've been hiding away
                    G
  Am
Cuts me at once like a Switchblade
And take every stab you can take
And I'll give it to ya, I'll give it to ya
I always knew that you'd cut me some day
                       G F
            Am
I fell in love with a Switchblade
And I know that you did the same {\color{red}\mathsf{G}}
So I'll give it to ya, give it to ya
 \left( \begin{array}{ccccc} F & C & G & Am & G \end{array} \right) \\ \left( \begin{array}{ccccc} F & C & G & Am & G \end{array} \right)

We were electric
We were wild, we were free
And I thought that you meant it

It's hard to accept it
That it's not meant to be
      Am G
But I'll never regret it
 C G Am G F
I don't, I don't
C G
No, I don't, I don't
All of the hurt you've been hiding away
    Am
Cuts me at once like a Switchblade
And take every stab you can take
And I'll give it to ya, I'll give it to ya
I always knew that you'd cut me some day
                    G
         Am
I fell in love with a Switchblade
And I know that you did the same \frac{G}{G}
So I'll give it to ya, give it to ya
