

LP - You Want It All

Tom: G

We been on this roundabout^E
Swimming in these fields of doubt^E
But there is no time now^E
The rain is coming down^E
So prepare for war^{Dbm}
You can't run that far^A
You got to stand your ground^E
There's no more days to count^E
(E Dbm E Dbm)

I was there for you^E
I'd have died for you^E
I changed my life for you^E
But you couldn't keep it true^E
You'll never know how hard^{Dbm}
I hit the ground that day^A
The changing of the guard^E
The bitter taste it gave^E

^{Dbm} ^A ^E
Winds are starting to blow out there

^{Dbm} ^A ^E
It's only yours if you run for it
^{Dbm} ^A ^E
Sow that seed with no regrets
^{Dbm} ^A ^E
Gets so hard when you know you want it all

^E
It's in your poetry
^E
I knew you'd come for me
^E
And all the subtleties
^E
Of what was meant to be
^{Dbm}
You could hear the call
^A
When you jumped to fall
^E
Just remember now
^E
It's 'cause you want it all

^{Dbm} ^A ^E
Winds are starting to blow out there
^{Dbm} ^A ^E
It's only yours if you run for it
^{Dbm} ^A ^E
Sow that seed with no regrets
^{Dbm} ^A ^E ^{Dbm} ^A
Gets so hard when you know you want it all woo-oooh
^E ^{Dbm} ^A ^E
You want it all
