

## LP - You Want It All

```
Tom: G
We been on this roundabout
Swimming in these fields of doubt
           F
But there is no time now
            Ε
The rain is coming down
 Dbm
So prepare for war
You can't run that far
         Е
You got to stand your ground
There's no more days to count
(E Dbm E Dbm)
I was there for you \begin{tabular}{c} E \end{tabular}
I'd have died for you
I changed my life for you
But you couldn't keep it true
          Dbm
You'll never know how hard
I hit the ground that day
            E
The changing of the guard
The bitter taste it gave
Winds are starting to blow out there
```
