

## LSD (Labrinth, Sia & Diplo) - Audio

```
Tom: Eb
                                                                S on my chest, with my Marilyn Monroe
  [Intro] B Ebm Db Abm
                                                                           Dh
                                                                Feel like a star (a star)
We got a ride, we got the night
                                                                'Cuz we got audio, oh oh
                                                                (Make it go!)
         Ebm
I got the bottle, you got the light
         Db
We got the stars (stars)
                                                                Make the bomb, bomb beat
                                                                I?ll give you melody
We got audio
                                                                           Ebm
                                                                Make the bomb, bomb beat
                                                                I?ll give you melody
We?re gonna fly, we?re getting high
                                                                           Db
          Ebm
                                                                Make the song so sweet
You got the moondust, I got the sky
                                                                                            Abm
                                                                You gon' come home with me, oh
           Dh
We got the stars (stars)
                                                                (Make it go!)
           Abm
We got audio
                                                                Make the bomb, bomb beat
                                                                I?ll give you melody
                                                                           Ebm
Make the bomb, bomb beat
                                                                Make the bomb, bomb beat
I?ll give you melody
                                                                I?ll give you melody
           Ebm
                                                                           Db
Make the bomb, bomb beat
                                                                Make the song so sweet
I?ll give you melody
           Db
                                                                You gon' come home with me, oh
Make the song so sweet
                                                                (Woo!)
                                                                ( B Ebm Db Abm )
You gon' come home with me, oh
           В
                                                                Play that audio
Make the bomb, bomb beat
                                                                That, that
I?ll give you melody
                                                                Play that audio
                                                                That, that
           Fbm
                                                                Play that audio
Make the bomb, bomb beat
I?ll give you melody
           Db
                                                                We can't live on without the rhythm (sayin' no, no)
Make the song so sweet
                            Ahm
                                                                Dh
                                                                                 Ahm
You gon' come home with me, oh
                                                                We can't live on without the rhythm (sayin' no, no)
( B Ebm Db Abm )
                                                                We can't live on without the rhythm (can't live without)
                                                                Db
                                                                                 Abm
Play that audio
                                                                We can't live on without the rhythm (sayin' no, no)
Play that audio
That, that
                                                                We can't live on without the rhythm (play that audio)
                                                                                 Abm
We got the heart, we got the soul
                                                                We can't live on without the rhythm (play that audio)
           Ebm
                                                                                 Ebm
Just when the world's saying they got no hope
                                                                We can't live on without the rhythm (play that, that, that,
           Db
                                                                that) (can't live without, yeah)
Here comes the love
                                                                Db
                                                                                Abm
                                                                We can't live on without the rhythm
           Ahm
We got audio (a-audio)
                                                                We can't live on without the rhythm
I?m flyin' high, super hero
                                                                Dh
                                                                                 B
                                                                We can't live on without the rhythm
```

## **Acordes**
