

# Lucas Cyrne - Don't Run Away

Tom: Ab

Intro: Bbm7 Eb7

I'm walking trough a cold night  
 My feet got frozed so I will die  
 I'll not ask pardon for the old days  
 'Cause I lost my soul in so many ways  
 Who saw Matthew he was right here  
 With a bullet in the head but with no fear  
 I may have lost him for a second or two  
 But you know it's true  
 Matthew wasn't so smart  
 I don't care if you will try  
 To save my body when I already died  
 In my soul

I don't care if you will try  
 To save my body when I already died  
 In my soul  
 Another glitch in my mind  
 Another blow that don't  
 Disappear with the time  
 Humanoids from where I live  
 Trying to whisper curses at me  
 What I'm trying to say  
 I said baby  
 Don't run away from me (Don't run away from me...)  
 I shooted Matthew but isn't hard to see  
 That I wouldn't do the same for you  
 No I wouldn't do the same for you, no...  
 - Just keep going as far as you want -

## Acordes
