

# Lucas Cyrne - Say Hello Baby

Tom: C

Say hello baby  
 Say hello today  
 You've dreaming  
 With heaven harps again  
 You left your toys  
 Scattered all over the ground  
 And let your gray  
 Empty body just  
 Fall down  
 Chasing stars  
 A new young soul  
 In this life you may climb high  
 And also fall low  
 Don't hold your tears  
 Let it flow

We all get sad but this is how life works  
 Oh, say hello baby  
 Say hello today  
 You've dreaming  
 with heaven harps again  
 it's not a big mystery  
 Just say hello again  
 Oh, say hello again  
 Say hello baby  
 Say hello today  
 Oh, we've dreaming  
 With you in our hands  
 You left your toys  
 You left your love  
 And this is how life works
