She said she was going home, I said I'll be fine by myself.

I thought that she wanted me, but she was thinking something else.

Now the sun was coming up still I couldn't see exactly how she felt.

I thought that she wanted me but she was thinking something else.

[A] It don't take much to see inside my heart.

I was never any good at [E] telling lies.

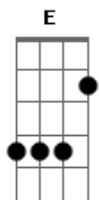

And [A] it don't take too much to see there ain't too much of me

[B] I miss you when you're [A] gone,
Please don't stay [E] gone too long.

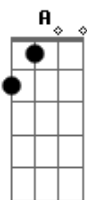

[B] I miss you when you're [A] gone,
Please don't stay [E] gone too long.

[Repeat INTRO, Repeat VERSE, Finale ... E]
