

Luciana Andrade - Planeta Azul

Tom: E

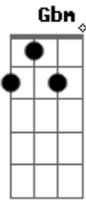

O homem não se cansa de inventar,
 Mil maneiras de viajar.
 Quem nunca ouviu falar da arca de noé
 E do caiaque do esquimó,
 No barco á vela asa delta

O tem e o avião
 Perna de pau a bicicleta,
 Um automóvel e um balão.
 Assim um homem atravessou nosso planeta.
 De norte a sul.
 E a bordo do foguete um astronauta descobriu
 Enfim que a terra é azul.
