

Lucio Sanfilippo - Ijexá Das Águas Doces

Tom: G

Que me guardem doces águas

Rio manso, rio fundo

Remanso de rio largo
Águas do ventre do mundo

Me que deem paciência

Longe da fatalidade

Águas da fertilidade

Filhas da benevolência

Dona da clarividência

Dos cauris de orunmilá

Moça dos olhos do rei

Enfrenta a fúria de obá

Fez a guerra com ogum

E seduziu erinlé

Dona do omolokum

E mãe de logunedé

Carê, ijimun apondá, opará yá oxum

Carê, ijimun apondá, opará yá oxum

Carê, ijimun apondá, opará yá oxum

Moça mãe e feiticeira

Sejam meus os teus abrigos

Repouso na tua beira

Afastado dos perigos

Que além da morte e do medo

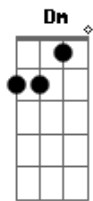

A vida vai rio afora

O adabá guarda segredos

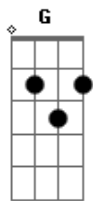

Os teus mistérios senhora

Àdàbà mo orí bò a bá ijexá o mi bò omiò
