

Lucius - Million Dollar Secret

Tom: **A**

A
I've got a million dollar secret

A
Can't tell you what it is

D **E** **A**
I'm keepin' it to myself, I won't give it away

A **A**
I've got a million dollar secret

A **A**
Hope I have the courage

D **E** **A**
To keep it in, won't give in and just give it away

A
If you really wanna know, baby

A **D** **E**
Come a little closer, and I'll whisper in your ear

A
If you really need to know, baby

A **D** **E**
Come a little closer, and I'll whisper in your ear

A
Maybe I'll have forgotten

A
What I was gonna say

D
But come a little closer

E **A**
Let me whisper in your ear anyway

D **A** **D**
Mmm, anyway, mmm

D **E**
You can ask over and over

A **D**
But I'm not ready to tell

D
'Cause I have all your attention

E **A**
This feeling is suspended in air

A
And I can keep it as long as I may need it

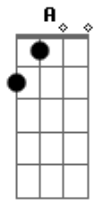

D **E** **A**
Have all your attention as long as it's a mystery

A **A**
I've got this million dollar secret

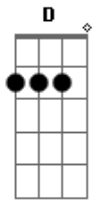

A **A**
I think it's best for now that I hold strong

D **E** **A**
Maybe I'll share it at the end of this song
