

Lucy Dacus - Addictions

tom:
Capostrate na 1ª casa

[Primeira Parte]

Freeze frame, tidal wave in the passenger side
I'm still a nervous kid after all this time
Can you imagine what it's like to be here with you now?
Forget your current lover, remember me that one July?
Laying bareback on dirt roads, watching the planes at night
Who knew one day it'd be so hard to have you by my side

[Refrain]

Now I'm awake at 2AM
Without a cause to draw you in

(D A E)
(A E)

[Segunda Parte]

Buy low, sell high kind of guy
Invest your time in what's worthwhile
Was I a risk without reward or did I make you proud?

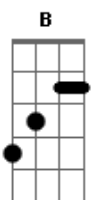

[Refrain]

Now I'm awake at 2AM
Without a cause to draw you in

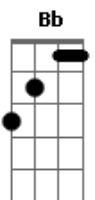

[Refrão]

I'm just calling 'cause I'm used to it
You'll pick up 'cause you're not a quitter
