

Luf Mayr - With your light beside mine

tom:

(C E7 Am7 F7M)

With your light beside mine
 With your light beside mine
 We can grow even more
 With your light beside mine
 With your light beside mine

(C E7 Am7 F7M)

Sitting here before all this blue sea
 I'm waiting for the unknown
 Waiting you to show
 Your wide open smile
 Enlightening my life
 Just like you did
 Early this morning

(C E7 Am7 F7M)

It's something I cannot explain
 The joy comes out from my chest
 The wish for living grows even more
 With your light beside mine

(C E7 Am7 F7M)

With your light beside mine
 With your light beside mine
 We can grow even more
 With your light beside mine

(C E7 Am7 F7M)

Today is a special day
 Like a birthday of a soul sent here
 To be purified, to be magnetized
 Bringing to the other's people lives
 The brightness in the eyes

The shine of a smile

(C E7 Am7 F7M)

Let us always remember
 That helping others
 Makes us really
 Much more happier
 Let the fear behind
 Let your feelings go out
 For each word you can't spell
 There's a word you won't hear

(C E7 Am7 F7M)

It's something I cannot explain
 The joy comes out from my chest
 The wish for living grows even more
 With your light beside mine

(C E7 Am7 F7M)

With your light beside mine
 With your light beside mine
 We can grow even more
 With your light beside mine

(C E7 Am7 F7M)

Today is a special day
 Like a birthday of a soul sent here
 To be purified, to be magnetized
 Bringing to the other's people lives
 The brightness in the eyes
 The shine of a smile

(C E7 Am7 F7M)

With your light beside mine
 With your light beside mine
 We can grow even more
 With your light beside mine
