

LUIMLIMBO - Denial

tom: G

Db
I woke up with a text
Gb
It had your name and It said

Hey I know it's late
Db
But I have something to say

I didn't answer you in time
Gb
Hoping you'd change your mind

Baby, what would you do
Bbm
Tell me, if it were you
Ab Gb
The text said
Bbm
You know I love you
Ab Gb
And you know I need you
Db
This can't be happening to me
Gb
This can't be happening to us

You said I was your first love
Db
You said I was the only one

This can't be true
Gb
Baby please don't go
Bbm
I wish you were lying
Ab Db
But it is the truth though

Db
As I got up and out of bed
Gb
I light up a cigarette

And the first thing crossing
Bbm
My mind it's you
Ab Gb
In my heart Bbm
You'll always be here
Ab Gb
But we know the truth
Db
This can't be happening to me
Gb
This can't be happening to us

You said I was your first love
Db
You said I was the only one

This can't be true
Gb
Baby please don't go
Bbm
I wish you were lying
Ab
But it is the truth though

(Eb Gb Db Ab)

Eb Gb Db
And I know I'm naive
Ab
To think you still be Here
Eb Gb
But help me forget
Db
All the things
Ab
That shedded my tears
