

Luísa Lacerda - Manhã

tom:

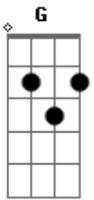

Manhã
 Toca a vidraça
 Roça nos castiçais
 Deita nos meus lençóis
 Manhã
 Desce a escada
 Paira na soleira
 Abre a porta e vai
 Olha pra tarde e vai

Dispersa o lume e vai
 Pubis pelo perfume de moça manhã
 Anda nua, desperta o desejo
 Lua no céu se perdeu
 Rua sem nome
 Seu endereço
 É o amanhã
 Rompe o espaço
 Voa nas estações
 Some por sobre nós
