

Luiz Melodia - Codinome Beija-flor

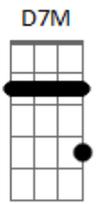

tom:
 Pra que mentir, fingir que perdoou
 Tentar ficar amigos sem rancor
 A emoção acabou
 Que coincidência é o amor
 A nossa música nunca mais tocou
 Pra que usar de tanta educação
 Pra destilar terceiras intenções
 Desperdiçando o meu mel
 Devagarzinho flor em flor
 Entre os meus inimigos, Beija-Flor

C7M E7
 Eu protegi seu nome por amor
 F7M G A
 Em um codinome Beija-Flor
 C7M E7 E7
 Não responda nunca meu amor
 F7M G A
 Pra qualquer um na rua Beija-Flor
 F7M G
 Que só eu que podia
 F7M G
 Dentro da tua orelha fria
 F7M G A
 Dizer segredos de liquidificador
 F7M G
 Você sonhava acordada
 F7M G
 Um jeito de não sentir dor
 F7M G A
 Prendia o choro e aguava o bom do amor
 F7M G Aadd9
 Prendia o choro e aguava o bom do amor
