

Luke Berry - Up to You

```
Yeah, I know you found somebody else

Bm Gb G
                        tom:
                                                        Yeah, it's clear you found somebody else
              E (forma dos acordes no tom de D )
Capostraste na 2ª casa
                                                        What about
         D
              Α
                                                        You and me
It might just be up to you
                                                        And the games that we played
 Gbm7 Em Em7 A A A7 A
To see if we do
                                                         Gbm7 Em
D A Bm Gbm7 Em Em7 A A A7 A
                                                        All the things that we said
'Cause I can no longer trust my heart
                                                        Em7 A A A7
Bm Gb
                                                        We both thought was ok
                     G
Yeah, I know you found somebody else
                                                        You and me
Yeah, it's clear you found somebody else
                                                         A Bm
                                                        And the lies that we told
What about
                                                         Gbm7 Em
                                                        All the songs that I wrote
You and me
                                                         Em7 A
                                                        Just to make you love me
 A Bm
And the games that we played
