tom:

[Riff 1]

[Riff 2]

[Riff 3]

[Riff 4]

This truck needs a half tank

These wheels need a two lane

This radio needs three songs to play

To get me 'cross town to you

That dress needs a slip off

That hair needs to come down

Friday nights need to do

What Friday nights need to do

That's the truth

Yeah birds need bees and ice needs whiskey

Boys like me need girls like you to kiss me

Fishin' in the dark needs nitty gritty

Under that pale moon

Sweet tea needs that sugar stirrin'

Small town nights need both ends burnin'

Shades need drawn, hearts need fallin'

Boots need knockin', knockin' boots

Knockin' boots, me and you, oh

Long weeks need a weekend

Cheap drinks need a slingin'

That dance floor needs some me on you

And you want me tonight

Sing alongs need to be sung

Tip bells need to be rung

Last calls need to call that cab

And back seats need I want you so bad

Yeah birds need bees and ice needs whiskey

Boys like me need girls like you to kiss me

Fishin' in the dark needs nitty gritty

Under that pale moon

Sweet tea needs that sugar stirrin'

And small town nights need both ends burnin'

Shades need drawn, hearts need fallin'

Boots need knockin', knockin' boots

Knockin boots, girl me and you

Doors need shuttin'

Lights need cuttin'

Lips need lockin'

Boots need knockin'

And birds need bees and ice needs whiskey

Boys like me need girls like you to kiss me

Fishin' in the dark needs nitty gritty

Under that pale moon

Sweet tea needs that sugar stirrin'

And small town nights need both ends burnin'

Shades need drawn, hearts need fallin'

Boots need knockin', knockin' boots

Knockin' boots, me and you

Ooh, knockin' boots
