She had a **G** cross around her neck
And a **D** flower in her hand
That I **Em** picked from the side of Thomas Drive
On our way to the sand
We found an **G** old wooden chair
Still warm from the sun
Pushed it back, gave me a kiss
with **C** Bacardi on her lips and I was done

And we **G** spent that week wide open
Upside **D** down beside the ocean
I didn't know where it was going
Just trying **C** to keep my heart on the tracks
I should've **G** known that kind of feeling
Would last **D** longer than that week did
Blown away **Em** and barely breathing
Sunday came **C** and it was over
Now she's got me twisted **Am**
Like an old beach roller coaster **C**
(**G**)

The rest of **G** those days
D

Turned into long crazy nights
When the music got loud **Em**
We'd sneak away from the crowd under the **C** boardwalk lights
And with **G** all the things we said
What I **D** just can't get past
Is the way we let it end **Em**
Now I'm wondering where she is
Knowing **G** I can't get that goodbye back
And we **G** spent that week wide open
Upside **D** down beside the ocean
I didn't know where it was going **Em**
Just trying **C** to keep my heart on the tracks
I should've **G** known that kind of feeling
Would last **D** longer than that week did
Blown away **Em** and barely breathing
Sunday came **C** and it was over
Now she's got me twisted **Am**
Like an old beach roller coaster **Em**

She's like a song playing over and over **C**
In my mind, where I still hold her **Am**
I had the chance and I should've told her **D**
And we **G** spent that week wide open
Upside **D** down beside the ocean
I didn't know where it was going **Em**
Just trying **C** to keep my heart on the tracks
I should've **G** known that kind of feeling
Would last **D** longer than that week did
Blown away **Em** and barely breathing
Sunday came **C** and it was over
Now she's got me twisted **Am**, yeah, I'm still twisted **D**
Like that old beach roller coaster **G**

D Like that old beach roller coaster **Em C**
