

# Luke Bryan - Strip It Down

Tom: **D**

verse 1

**Bm**  
Let it fade to black  
**D**  
Let me run my fingers down your back  
**A**  
Lets whisper, let?s don?t talk  
  
Baby leave my T-shirt in the hall  
  
**Bm**  
Like a needle finds a groove,  
**D**  
Baby we?ll remember what to do  
**A**  
to drown out every distraction,  
  
it?s time we made it happen  
  
tabrefrão  
  
**Bm**  
Strip it down, strip it down  
**D**  
Back to you and me like it used to be  
**A**  
When it was an old back road with an old school beat  
  
Cowboy boots by your little bare feet  
**Bm**  
Let it out, tell me right now  
**D**  
Everything I need In them white cotton sheets  
**A**  
Dirty dance me slow in the summertime heat  
  
Feel my belt turn loose from these old blue jeans  
**Bm** **D**  
We both know we lost it somehow  
  
Let?s get it back  
**A**  
Strip it down, down, down  
refrão  
  
verse 2  
**Bm**  
I wanna drop this cellphone now  
**D**  
And Let it shatter on the ground  
**A**  
They ain?t holdin? nothin, these two hands  
  
?Til they?re holding you again  
  
tabrefrão  
  
**Bm**  
Oh, Strip it down, strip it down  
**D**  
Back to you and me like it used to be
