

# Luke Combs - This One's For You

Tom: E

(com acordes na forma de C )

Capostrate na 4ª casa

Intro: C G C G

There's a couple of people that I owe a beer or two

And three or four that I owe more than a few

For all the times I could not find the answers

Stumbling though the dark without a clue

This one's for you

Mom and dad always did their best

For a crazy fool who could not help himself

I thank god that they were there to see me through

This one's for you

I told you that I'd write you a song

Pour out my heart in the melody

To keep you singing along

This might not be the right time

These might not be the right lines to prove

Or say what I'm trying to

But this one's for you

I've been knocked down time and time again

Got picked back up by love and a couple of friends

Who reminded me of all that I stood to lose

This one's for you

Yeah I told you that I'd write you a song

Pour out my heart in the melody

To keep you singing along

This might not be the right time

These might not be the right lines to prove

Or say what I'm trying to

But this one's for you

Made more than my fair share of the same mistakes

Bridges burned and lessons learned a few things I can't change

Some apologies are way past overdue

This one's for you

Well I told you that I'd write you a song

Pour out my heart in the melody

To keep you singing along

This might not be the right time

These might not be the right lines to prove

Or say what I'm trying to

But this one's for you

There's a couple people that I owe a beer or two

And three or four that I owe more than a few
